Notes

All numbers below are inclusive of VAT

Tier 2.

2. For two rate meters, the two rate prices apply. Tier 1 day rate applies to the first 125 kWh per quarter (or 42 kWh per month for monthly billing customers) of day consumption and all subsequent consumption is charged at Tier 2. Night means a period, or periods, determined by us (and as may be varied from time to time), totalling 7 hours (at present between 22:00 hours and 08:00 hours) and the night rate applies accordingly.

3. A dual fuel discount is given where British Gas supplies both gas and electricity to the same property (and the accounts are in the same names). No dual fuel discount is available to customers with token or smartcard electricity meters. Only one dual fuel discount per property. Where electricity is supplied through a credit meter, a discount of 0.537 p/kWh off quarterly electricity Tier 2 rates (and night rates where applicable) up to a maximum of £3.75 per quarter (or £1.25 per month for monthly billing customers) appears on the electricity bill.

5. Electricity customers paying by Direct Debit will receive a discount off their Tier 2 consumption charges (and night rates where applicable) of 1.429 p/kWh up to a maximum of £10 per quarter (or £3.33 per month for monthly billing customers).
