

Schedule of electricity

for non half hourly/half hourly 'Out of Contract' charges for non-domestic customers

These charges and methods of payment have been fixed by British Gas Trading Limited in relation to British Gas customers who have not agreed a pricing arrangement with us or where a pricing arrangement has expired or been terminated and has not been renewed for any reason.

From **1st April 2012**, all electricity supplies to which this schedule applies will be charged in accordance with rates set out below.

We may offer to enter into a formal contract with you instead of charging you based on our 'Out of Contract' rates. Details of those formal contract terms and conditions are available from any of our offices or by visiting britishgas.co.uk/business/terms.

These charges and payment methods are subject to change or withdrawal at any time and your supply is subject to Terms and Conditions.
