Notes

All numbers below are inclusive of VAT

- For single rate credit meters, Tier 1 rate applies to the first 125 kWh per quarter and all subsequent consumption is charged at Tier 2.
- For two rate meters, the two rate prices apply. The Tier 1 day rate applies to the first 125 kWh per quarter of day consumption and all subsequent consumption is charged at Tier 2. Night means a period, or periods, determined by us (and as may be varied from time to time), totalling 7 hours (at present between 22:00 hours and 08:00 hours) and the night rate applies accordingly.
- A dual fuel discount is given where British Gas supplies both gas and electricity to the same property (and the accounts are in the same names). No dual fuel discount is available to customers with token or smartcard electricity meters. Only one dual fuel discount per property. Where electricity is supplied through a credit meter, a discount of 0.537 p/kWh off quarterly electricity Tier 2 rates (and night rates where applicable) up to a maximum of £3.75 per quarter appears on the electricity bill.
- Electricity customers paying by Monthly Direct Debit will receive a discount off their quarterly Tier 2 consumption charges (and night rates where applicable) of 1.429 p/kWh up to a maximum of £10 per quarter.
- Electricity customers paying quarterly by either Cash or Cheque, Variable Direct Debit or Quarterly Equal Payments whose payment is received within 14 days of the bill issue date will receive a discount off their next quarter's consumption charges of 3.9% up to a maximum of £3.75 per bill.
- Electricity customers paying by Standing Order will receive a discount off their next quarter's bill of 9% up to a maximum of £10 per bill.
- For customers paying by magnetic payment card, an additional charge of 2.000 p/kWh will be applied to Tier 1 prices up to a maximum of £2.50 per quarter.
