

Schedule of electricity Deemed contract charges

for Non Half-Hourly / Half-Hourly, non-domestic customers

These charges have been fixed by British Gas Trading Limited in relation to the British Gas Deemed contract. All electricity supplied under the contract from 23 April 2017, will be charged in accordance with this schedule.

We may offer to enter into a formal contract with you instead of charging you based on our Deemed rates.

These charges are subject to change or withdrawal and can be changed with 30 days' written notice. Your supply is also subject to Terms and Conditions. The charges in this schedule will apply to any customer supplied as a consequence of us receiving a direction from the Gas and Electricity Markets Authority (Ofgem) to act as the supplier of last resort.

Non Half-Hourly rates and Half-Hourly Whole Current Meters

The charges for Non Half-Hourly settled sites are based on banded pricing depending on the Profile Class as shown in the following table and apply to all areas supplied by us. All prices are excluding VAT, which will be charged at the prevailing rate applicable to your business, and CCL.

Profile class	Standing charge (p/day)	Unit rate (p/kWh)
01 - 04 Profiles*	57.44	21.69
05 - 08 Profiles and Half-Hourly Whole Current Meters*	93.94	23.04

* Where electricity is used wholly or mainly for non-domestic purposes only

Important information

The energy market is changing the way meters with profile classes 05 - 08 are charged. This means that costs will eventually be based on how much electricity these meters use every half hour.

If your supply has recently been changed from Non Half-Hourly to Half-Hourly, you'll continue to receive the Non Half-Hourly prices above unless we let you know otherwise.

Half-Hourly rates

Half-Hourly settled electricity sites will be charged as shown in the tables overleaf. The charges relate to each premise supplied under the scheme. All prices shown exclude VAT, Climate Change Levy and other applicable indirect taxes, each of which will be charged at the prevailing rate applicable to your business. DC/DA & MOP and settlements charges will continue to be charged in addition to the attached prices. There may also be charges for Excess Reactive Power and Excess Capacity.
